Dear Potential Sponsor:

Thank you for taking time to consider our program for sponsorship. To briefly give you some background information, this program was founded in 2001 to offer young Georgetown swimmers an opportunity to develop their technique, endurance, and speed while providing the motivation and discipline necessary to develop self-esteem, resulting in a winning experience. Our coaches and members are certified by Red Cross, USA Swimming, American Swim Coaches Association, and South Texas Swimming.

Our program is funded largely by our participants and their fundraising efforts through a Swim-a-Thon. Last season, we paid well over \$20,000 for our facility rentals from the City of Georgetown and Southwestern University and are currently unable to expand our program to focus on multiple levels of ability. With increased funding, we will be able to offer a wider variety of practice times while increasing our staff to have the capability to manage a more diverse group of swimmers. We have recently added a developmental team and a masters team for adults. We will also be able to purchase much needed equipment such as lockable storage containers for swim equipment and training equipment such as pace clocks, fins, and paddles. Funds are also used to provide our members with some financial assistance to participate in certain events, such as a training trip for our Senior Team over the holidays.

We encourage you to visit our website www.SwimGeorgetown.com and view our handbook for an in depth look at our philosophy, Mission Statement, and Vision Statement.

As a sponsor of the Aquatics of Georgetown, you will have your logo on the sponsorship page of our website, on our bulletin board at each practice location, and included on all information distributed to our members including printed heat sheets handed out at home competitions for 200 participants to Austin/Georgetown-area families.

Again, thank you for your serious consideration of sponsorship for the Aquatics of Georgetown!

Sincerely,

Dale R. Huggins
