

UT Parking and Transportation has changed the rules!!

Parking Options for the TXLA October Meet

PLEASE READ

The University of Texas now requires that you have a UT permit to park in any C lot (including C lot 80 in front of the Swim Center) or along San Jacinto behind the Swim Center AT ALL TIMES. So only park in C lot 80 if you have a UT permit OR if there is an attendant and you can pay to park – you must display your receipt to avoid a ticket.

So here are your options –

1. park in the **Manor** garage on the UT campus (they charge \$10 and there's no in/out privileges)
2. drop your swimmers off at the Swim Center and park for free at Disch-Falk Field just east of I-35 (this is available beginning at 5:45 on Friday through the weekend)
3. park in one of the State **garages** (not an open lot) on Trinity south of the Swim Center for free (this is available beginning at 6 PM on Friday through the weekend). This will not be available for free on SOME weekends.
